

Book a Red Frog Training Session

The Red Frog University Support service has been running for over 12 years, with local teams supporting approximately 200 residential colleges across Australia, New Zealand, UK, South Africa, USA & Canada. Red Frog University Training is now available for College/Halls Residential Advisors and leadership groups across these nations.

Red Frogs Australia have trainers available in most locations throughout Australia and NZ to work with your Residential Advisors, Tutors, Student Clubs and even Staff members in your college or hall.

What's involved?

Red Frogs offers a training package comprising of a session on youth and student culture, as well as a session on drug and alcohol issues related to the student environment. In these sessions, we detail statistics and patterns representing a snapshot of student culture in Australia. We discuss major issues affecting residential colleges and halls including peer pressure, binge drinking and associated issues, as well as the alienation of moderate and non-drinkers at college events. We then focus on helping student leaders create alternative programming options for generating successful, non-alcohol-driven opportunities in the college environment. Other topics can be discussed at your discretion, such as:

- Strategic planning for O-Week and college programming
- Pastoral care
- Student leadership development
- Resourcing and sponsorship to give non-alcoholic events momentum on college.
